**THE FIRST MEDICAL MODEL
MEMORY CARE DAY PROGRAM
IN THE LOWCOUNTRY**

WE CAN HELP

Open since March 2019 as the first dementia-specific medical model memory care day program in the Lowcountry, we provide unrivaled private care for those affected by memory loss. With a staff of highly trained and experienced dementia professionals leading a cutting-edge and stimulating daily program, we also offer deliciously balanced meals, a one-stop facility for many of your care needs, and emotional support for both our members and their families. Our cost effective membership provides a welcome peace of mind for all.

"I truly understand how difficult it can be to take care of a loved one with dementia. My mother and grandmother struggled with the disease. Witnessing their decline and seeing how hard it was on my family, started me on my career path helping others. My personal and professional experience allows me to recognize and identify techniques for improving the quality of life for caregivers and their loved ones, and it highly motivates me every day to provide the best care and help I can."

Diane K. Sancho, MSW

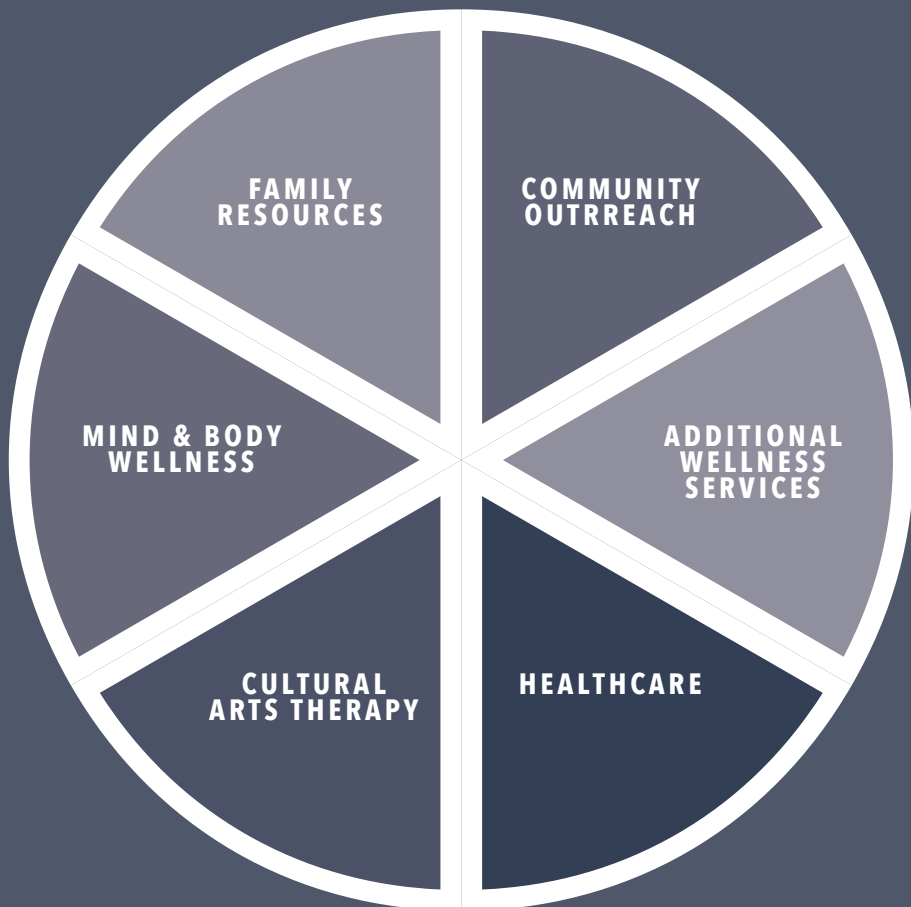

**DIANE K. SANCHO, MSW
EXECUTIVE DIRECTOR**

PROGRAMS AND SERVICES

Alice's Clubhouse offers a wonderful balance to our members and their families – spending the day with our highly trained team during the day and returning the comforts of home in the evenings. Our family support program will help you re-establish your personal life and support you as you move forward in caring for your loved one. Benefits include:

- *A custom designed memory loss facility – stimulating, comfortable & appealing.*
- *Dementia trained, caring & compassionate staff, with a low staff to member ratio.*
- *Additional wellness services that ensure caregivers will have time to care for themselves.*
- *Helping families make their health care dollars last longer.*
- *High quality, affordable solutions for day time care.*

BENEFITS OF AN ADULT DAY PROGRAM

According to Caregiver.com, the number one way for caregivers to wisely spend their dollars is to enroll their loved one in an Adult Day Program. Quality programs, such as Alice's Clubhouse, support the care-receiver and provide the caregiver respite, the ability to stay employed and freedom to attend to their own lives. Spending where it matters the most is critical to a caregiver's capacity to cope, while still providing the needed care to the affected loved one.

COST ANALYSIS OF OUR PROGRAM

ASSISTED LIVING MONTHLY MEDIAN COST	HOME CARE COST	ALICE'S CLUBHOUSE MEMORY CARE DAY PROGRAM
	<i>(5 days for 8 hrs.)</i>	<i>(5 days for 8 hrs.)</i>
up to &72,000 a year	avg \$50,000 a year	avg. \$38,500

The Clubhouse provides caregiving support, nursing care, meals, recreational program and more individualized attention for far less than other long term care options.

OUR PROGRAM IS COVERED BY MOST LONG-TERM CARE PLANS.

BECOME A MEMBER

TOUR OUR FACILITY - Call to schedule a visit and meet with our Executive Director. Staff will be available and always welcome any questions you may have.

COMPLIMENTARY TRIAL - A trial visit is an excellent opportunity for potential members and their caregivers to experience Alice's Clubhouse's programs, including joining us for our nutritious, catered lunch. Experience firsthand the caring relationship between our highly trained staff and our members. Please contact our Executive Director for further information.

ENROLL - A confidential, intake and evaluation completes the enrollment process. Our Executive Director, a nurse, and other staff will collaborate with your physician to provide an individualized plan of care. We are here to help you through every step.

Please contact us at 843.284.8367 with any questions you might have. We look forward to hearing from you soon.
